

Vitalii Naumov

Academic degrees: Dr.Sc.(Tech.), Ph.D., professor

Position: professor

Engineering-technical field

Discipline: Civil engineering and transport

Academic qualifications:

- conducting classes at 2nd and 3rd degree studies
- promotion of engineering, master's, and doctoral theses

Membership in professional and academic boards:

-

Academic merits:

- author of over 150 scientific publications, including 3 personal monographs
- participation in over 10 international research projects

Professional qualifications/language skills:

- Ukrainian, Russian: native languages
- English, Polish: fluent in speech and writing

Research field:

- development of software for transport systems' simulations
- use of artificial intelligence techniques in transportation studies
- development of software supporting decision-making in the management of transport systems
- optimization of technological systems in transport
- modern technologies of logistics service

Address:

Cracow University of Technology, Faculty of Civil Engineering,
Transport Systems Department
Address: str. Warszawska 24
31-155 Krakow
phone: +48 12 374 30 83
e-mail: vitalii.naumov@pk.edu.pl
