

Jacek Pietraszek

Academic degrees : doctor habilitatus in Engineering

Position : Professor of CUT

Engineering - technical field

Discipline Mechanical engineering

Academic qualifications:

Head of the Department of Software Engineering and Applied Statistics; head of the Institute of Applied Informatics; student disciplinary spokesman; member of the University Board of Trustees

Membership in professional and academic boards :

Polish Association for Computational Mechanics; Polish Society for Stereology; KT10 Technical Committee for the Application of Statistical Methods of the Polish Committee for Standardization

Academic merits :

Theoretical and application works in the scope of data analysis and experimental design for mechanical engineering, material engineering and pharmaceutical botany. Three books and dozens of articles (indexed in Web of Science and Scopus) published. Principal investigator in 2 research grants.

Professional qualifications/language skills

English

Research field :

Experimental design and data analysis for mechanical engineering and materials science

Address

Cracow University of Technology,
Faculty of Mechanical Engineering
Address: Institute of Applied Informatics M07
Jana Pawla II 37, PL-31-864 Kraków, Poland
phone . +48 12 628 3580
e-mail : jacek.pietraszek@mech.pk.edu.pl
